Career Summary:

MERN Stack Web Developer with 1 year of hands-on experience at Nubit Software (Pvt) Ltd. Skilled in building dynamic and responsive web applications using technologies like React.js, Next.js, Node.js, Oracle DB and MySQL. Started as a Frontend Developer Intern and quickly advanced to full-time roles due to strong technical skills and performance. Passionate about clean code, user-centric design, and continuous learning in modern web development.

Work Experience:

- **NUBIT SOFTWARE (PVT) LTD**

  - **Senior Frontend & MERN Stack Developer**   September 2024 - Present
    - Designed and developed a responsive **UI for an Ambulance Services Website**, ensuring user-friendly navigation and a modern layout.
    - Integrated **APIs for real-time ambulance tracking and booking system**, enhancing service reliability and user trust.
    - Created and managed **Blog and Career Form functionality**, enabling dynamic content updates and candidate submissions.
    - Developed a professional **Company Portfolio Website** highlighting services, achievements, and team profiles with clean, optimized frontend code.
    - Designed and launched a complete **e-commerce website for "Mystical Fragrance"**, featuring product listings, cart functionality, and user interface for seamless shopping experience.
    - Ensured cross-browser compatibility and mobile responsiveness throughout all projects.
    - Collaborated across teams to implement **MERN stack solutions**, connecting **React frontend** with **Node.js/Express backend** and **MongoDB** database for full-stack web applications.

  - **FRONTEND DEVELOPER - INTERN**   July 2024 To September 2024
    - Learned to integrate APIs for dynamic data display and user interactions.
    - Collaborated with senior developers to understand UI/UX design principles and apply them effectively.
    - Gained experience in using **version control systems (Git/GitHub)** for code management.
    - Improved understanding of **web performance optimization** and **cross-browser compatibility**.
    - Built small modules like career forms and blog sections with validation and responsive layouts.

Education:

- **BS Computer Science -** Sindh Madressatul Islam University   **Complete in December 2027**
- **Intermediate -** Adamjee Government Science College   **July 2021 To July 2023**

Certification:

- **Web And App Development -** Saylani Mass I.T Training   **Issued In 2023**
